

# Leak detection powder

Lite-Dust™ fluorescent leak detection powder

Lite-Dust™ is a fluorescent powder that illuminates under UV light identifying problem areas. It is introduced into the system with the fan running at a rate of 1 lb. per 1000 ft<sup>2</sup> (0.45 kg per 93 m<sup>2</sup>) of cloth area. We stock various packaging sizes for fast shipments. To order, or for more information, call 706 -228-3382 or email [info.aft@flsmidth.com](mailto:info.aft@flsmidth.com). Visit us at [www.flsmidth.com](http://www.flsmidth.com).

**Orange** - all applications excluding the presence of iron oxide

**Green** - all applications, recommended for cement, aluminum and power industry. Good contrast to pink or orange

**Pink** - all applications

**Yellow** - all applications except cement, power and asphalt where sulfur is present
