

Fuller-Kinyon® Pump 3-Piece Screw Replacement

WEBINAR

Find out how to significantly reduce maintenance time and cost when replacing the 3-piece screw in your Fuller-Kinyon pump

Reduce your replacement time and lower maintenance costs by understanding how to efficiently replace the 3-piece screw in your FK pump. In this course our “Tell then Show” training method will be used so that each participant has the opportunity to learn the basic procedures during the online slide presentation, then watch a demonstration of the preferred method for changing the screw.

- Safety precautions
- Proper tools to prepare for the change
- Basic procedures for removal and replacement of the 3-piece screw
- Tips on customizing procedures for specific installations (as time permits)

DURATION: 140 minutes

REGISTRATION FEE: \$100
